

Triple suspended

1. Remove cover by positioning it under an angle and pulling it out
2. Drill holes at required locations and place screw anchors (screw plugs, plasterboard plugs,...)
3. Screw wire locks on luminaire
4. Install power connection box (follow steps A, B, C, D, E)
5. Install ceiling suspension and insert wires into locks (follow steps A, B, C, D)
6. Adjust height so that the luminaire is positioned horizontal
7. Pull cable coming from power connection box through center hole and connect power
8. Place cover back inside luminaire

These instructions are for Full Moon with optional triple suspension kit
For surface mounting please consult Full Moon surface mounted mounting instructions.

⚠ Attention!!

Be very careful with LEDs when working on product!
Do not touch LED surface. Do not let tools come in contact with LED surface.
Warranty void if LED contact has taken place.

Only to be installed by a qualified electrician.
Always make sure power is completely switched off when working on luminaire.

Doxis Lighting Factory NV cannot be held responsible for any damage caused by incorrect installation.
